Plaintiff Special Report

Comes now the plaintiff Brandon Brown, to submit special Report and answers to court as followed

Defendant filed Introduction
Special report on November 22nd

Plaintiff Claims

multiple violations occurred during MR Brown's time at HCT violaty his rights

- 1) MR Brown fell twice and was refused medical treatment without punishment
- 2) forced to work with snake
- 3) violating Alabama state health codes. No Treed safe footwear; No cleaning Trays

Facts

- 1) The HCT claims to work according to a written set of policies and procedures. Nowhere does it state you must work with snakes. on at least two occasions prior to the snake being removed the snake was spotted by inmates in kitchen. MR Brown and Logan Fairbanks reported it to Trinity Kitchen staff who often called inmates liars and failed to acknowledge reporting. Inmates Logan fairbanks and Donnie last name unknown were put in lockup for not wanting to work with snake with no mention of snake in there write ups.
Houston County Jail is operating on a do what they want Inmates cant prove it way.
- 2) As mentioned in defendants special report all staff at HCT are charged with the responsibility of reporting any and all problems to the senior deputy on shift when learning of problem. This was clearly violated when Kitchen staff learned of the snake around inmates and failed to report to Lt and have problem resolved. Lt Trawick - sgt peders were notified of snake the 3rd time it was reported to Kitchen staff LT Trawick stated to inmates "don't wanna work with snake refuse to work then, you'll go to lock up theres no snakes in lockup HA HA"
- 2A) Alabama Health code states workers must be provided with Treed safe footwear Not Plain rubber boots that are not skid resistant
- 2B) Being Denied Medical attention - on two occasions MR Brown fell in kitchen due to improper footwear. MR Brown Requested to see nurse 1st time for hurt knee and 2nd time for hurt arman shoulder (right). When Injuries were reported to Kitchen staff MR Brown was told if you leave kitchen and go to medical you will be written

3) Health code violation Not properly washing & sanitizing trays
 During time at HCT NOT Once was soap or sanitizer used to wash
 trays inmates with HIV, Hep C, Ect eat off same trays they are not
 cleaned food is sprayed off and they are ran thru machine at 90° Not properly
 cleaning anything.

The HCT is a state facility inspected by another State facility I am not
 Claiming Corruption but leniency for sure I know for a fact what I
 experienced at HCT during my Incarceration. HCT is doing what they
 want behind closed doors who can prove wrong things they control
 everything how can a inmate gather evidence against them.
